Paper Worksheet
If you want to compile your information before filling out online, download a paper copy, complete with Help Bubble information, here.

Start Here
If you are divorced or separated, please read special instructions first.

Login
Once you have created your application as a new user, click here. You will land on a screen where you can log back into the application using your username and password. If you have been designated Family 2, you also begin here. Use the username and password given to you in the email to log in on the log in screen.

Navigation Bar
Use the navigation bar to move back and forth through the application.

Downloadable Worksheet
Downloadable User Guide
Help Center
FAQ - Sending Taxes
Welcome to FAST Aid

Your school has chosen FAST Aid—Financial Aid for School Tuition powered by ISM®—to process your financial aid application. FAST is an online program that works in your computer’s Web browser. To use FAST, you will need Internet access. If you do not have a computer, public libraries usually have online computers available, or you may contact the school and request to use a computer there.

The Application

You reach the application by going to your school’s website (typically on the Admission or Financial Aid page) and clicking on the FAST link. The link will look similar to these icons. Each question in the application has a Help Bubble to explain what is required for that answer. A paper worksheet for the application with a list of all the Help Bubbles is available by clicking Downloadable Worksheet located on the gray navigation bar on the opening page.

Time to Complete

When you sign on as a new user, you will be asked to create a username and password so you can log in and out as needed. You do not have to complete the application in one sitting. It should take you approximately 30–45 minutes to complete the application once you have gathered your information.

Preparing to fill out this document takes about as long as preparing to file your taxes. To complete this form, there are a number of financial records you will need. The following list includes typical financial records that may be needed. Once your application is submitted, you will receive an email specifying what documents are needed. Note: You can apply for aid even if you have not completed your tax forms.

Tax forms typically required
- W-2 Wage and Tax statements
- Most recent Federal 1040, 1040A, or 1040EZ
- Copies of all supporting tax schedules
- Schedule A—Itemized Deductions
- Business—Schedule C or C-EZ (Form 1040)
- Farm—Schedule F (Form 1040)
- Rental Property—Schedule E (Form 1040)
- LLC—Schedule E, Form 1120S, and Schedule K-1
- S Corporation—Schedule E, Form 1120S, and Schedule K-1
- Partnership—Schedule E, Form 1120S, and Schedule K-1
- Trusts—Schedule K-1
- State Taxes

Additional documentation that may be requested
- Year-end statement from your mortgage holder
- Bank statements
- Brokerage statements
- Insurance costs for home, life, auto, and health
- Utility information
- Medical records and expenses
- Retirement account information

Help is only a phone call or email away. Call Centers are open 24/7/365.
1-877-326-FAST (3278) // help@ismfast.com
Navigating This Program
A color-coded system of icons will help you move through the various sections. A green arrow ► means that the section is open and ready for you to input information. A blue check ✔ means that you have completed that section, but it is still available if you need to go back and change any information. A gray arrow ◄ means that the section is not available at this time.

You may enter information out of sequence. For example, you may enter information about your income before you enter information about real estate holdings, even though income comes after real estate on the Navigation bar.

Each field in the application contains Help Bubbles that clarify what information is being requested of you. You can also access the Downloadable Worksheet for your reference on the navigation bar.

Printing
Retain a copy of the completed application for your records. After you have finished the application, you will have an opportunity to open and download or print a PDF of the information you completed.

Payment
To complete your application, make a payment by Visa, MasterCard, Discover, or AMEX. Your school will tell you how much the filing fee is. If you do not have a credit card, you may pay the school directly and the school will issue a voucher* number to use in place of a credit card number.

*Not all schools participate in voucher programs

School-Specific Questions
The school to which you are applying may have included some specific questions here. Note: If you have questions about these school-specific questions, you will need to contact your school. The FAST Call Center will not be able to clarify these questions for you.

Not all schools choose this option, so if school-specific questions do not appear here, your school simply hasn’t asked any extra questions.

Letter/Agreement
In this section, you may write a letter if you feel there are special circumstances that should be considered. At the end of this section, you will also be asked how much you are able to pay toward your child’s education, annually.

Your application is submitted for processing once all questions are completed and the filing fee has been paid.

Cautions
- Do not use the “back” button on your browser. If you need to return to a previous section, use the gray Navigation bar on the left.
- If you forget your username or password, click the “forgot username or password” link on the opening page and follow the directions. An email will be sent to the email address associated with your account, which allows you to reset your login information.
- If your browser closes, you will have to log back into the system. Any work that you have submitted —i.e., any section that has a blue check by it—will be saved. If you were in the middle of a section, you may have to restart that section and re-enter some information.
- Answer all questions. Do not leave any numeric fields blank. If a particular question does not apply to you, enter a zero in that field. You may move from field to field using your mouse or the tab key.

Documentation
When you submit your application, you will receive an email detailing what documentation is required and instructions on how to submit it. At a minimum, you will be asked to send copies of your W2s as well as federal and state tax documents.
Special Procedures for Divorced or Separated Parents

If you are divorced or separated, each parent needs to file a separate but linked application. To do this, we ask that one parent begin the process by clicking on the Start Application button on the opening page. From now on, you will be referred to as Family 1. This designation has no significance with respect to financial responsibility. It only indicates who initiated the application.

After answering a few questions about family structure and custody, you will be asked to provide an email address for the other parent, who then becomes known as Family 2. If there is no other parent living, or if there is a reason why the other parent can’t be contacted, explain those circumstances in the box provided.

If you have been designated Family 2, you will receive an email that contains a link to create your own confidential username and password. Family 1 does not have access to your username and password, or your information, and vice versa.

There is only one fee for both applications. It is up to you to decide who will pay. The Application Status page displays which sections have been completed by each family. Payment will not be possible until both Family 1 and Family 2 have completed their applications.

If Family 2 does not respond to the initial email, it is possible for Family 1 to re-send the email by clicking on the Account Settings link on the gray Navigation bar and following the instructions.
Frequently Asked Questions

What happens after I have completed the application?
Your information is immediately calculated and the recommended award is available to the school. Don’t forget to submit the required documents to complete the application process. However, awards may not be made until all applications are in, and they are often contingent on the funds available and the number of families requesting aid. Your school will notify you directly about the financial aid decision.

What if I don’t understand how I should answer a question?
When you click on a field, there is a Help Bubble (as seen in Figure A) to explain what information is needed for that field. A summary of that information is listed in the downloadable worksheet on the Navigation bar. If you still have questions, contact our Call Center at 1-877-326-FAST (3278). If you are still not sure if you are including the appropriate information, write a short note to the school in the spaces provided at the end of each section.

Who can see my information?
Authorized personnel at the school to which you are applying and FAST employees who need to handle your application are the only ones with access to your records.

Why didn’t I receive more financial aid?
Awards are based not only on need, but on the funds your school has available. This means that even though you may qualify for more aid, a school’s budget may limit what it can offer.

What if I make a mistake?
If you make a mistake before you have checked the Accept box at the end and before you have paid the filing fee, just go back and make the changes. Nothing is final until you have paid. If you discover an error after you have paid, you can log in to your account, where you can request a change. This request will go directly to the school, where Financial Aid personnel have the ability to go into the program and revise your entry. Our Call Center does not have access to your file and cannot make a change for you.

How long will this take to complete? Do I have to complete this application at one time?
Gathering the necessary information to complete this form is similar to gathering information to complete your taxes. Once you have collected all your financial information, it should take approximately 30–45 minutes to complete this application. You do not have to complete the application in one sitting. You may log out and come back later selecting “Resume Application” and entering your username and password.

I filled in most of the page before I quit, but when I went back into the program, the information was gone. What happened?
FAST only saves information from completed sections. If, for example, you are working on Income, you need to complete the entire section for that information to be saved. If you do not know an answer at the time, you may use a “?” as a placeholder in order to save that section.

What are the accepted payment methods?
We accept Visa, MasterCard, Discover, and AMEX. If you do not have any of these cards, you may contact your school to obtain a payment voucher* to use in place of a credit card.

*Not all schools participate in voucher programs

My screen says “Cookies must be enabled.” What does that mean?
This refers to information that is stored on your computer by sites on the World Wide Web. To operate, FAST requires that your computer be configured to accept cookies. In most instances, this will already be done. However, if you get an error message, click on your browser’s Help menu and look for information about how to enable cookies.

Will I be spammed?
Absolutely not. Your email address will never be shared with anyone but the school to which you are applying.

What papers will I need to send?
You should be prepared to send your tax returns and your W2s. After you submit your payment, you will receive an email with a list of documents you will need to send.

Help is only a phone call or email away. Call Centers are open 24/7/365.
1-877-326-FAST (3278) // help@ismfast.com
I don’t have a computer or an email address. How do I do that?

Most libraries have computers with Internet access available for use. If this is not practical, ask your school if you may use a computer there to complete your application.

I forgot my password. What should I do?

On the login page, click on “Forgot username or password?” You will be asked to enter your email address. You will receive an email with your username and the ability to reset your password.

I need to explain something about our assets. How do I do that?

Line 512 gives you room to write about your assets. There are also spaces in Liabilities (Line 558), Income (Line 610), and Expenses (Line 718) for you to clarify any of your answers. Additionally, there is room in the Letter/Agreement section to further explain your situation.

I have a Section 125 Plan and have pre-tax money withheld. Do I have to include that when I list my W2 income?

Yes, you do. On lines 601 and 601b we ask you to list your gross wages before any deductions are taken.

When is the application due?

The due date is up to the school, so please be sure to ask the school if no deadline is specified. Earlier is always better.

Help is only a phone call or email away. Call Centers are open 24/7/365.

Help Bubbles

Each numerical field below has a Help Bubble associated with it to help you understand what information is being asked to enter. The following is a summary of the online Help Bubbles by line number. (Not all lines require a help bubble.)

105 529 Savings
Enter the total amount of all money in all 529 College Savings Plans for the applicant.

106 Social Security Income
Enter the total amount this student receives annually in benefits from the Social Security Administration.

107 Child Trust
If a trust is held in this child’s name, please enter the amount and explain in detail below in the box provided.

401 Mortgage Payment
Enter the amount of your monthly mortgage payment. Please refer to your most recent mortgage statement for the amount.

402 Mortgage Interest Paid
Enter the amount of interest you paid on your mortgage in the last year. If this is not available on your mortgage statement, please call your mortgage holder to get this amount.

403 Is your homeowners insurance included in your mortgage?
Select Yes or No.

404 Original Market Value
When you first bought this house, how much did you mortgage?

406 Year Purchased
Enter the year you originally purchased this house.

407 Purchase Price
For how much did you originally purchase this house?

408 Present Market Value
What is the present market value of your home?

409 Have you refinanced? Check yes or no.
What year did you refinance your house?
How much did you refinance?

410 Principal Remaining
What is the unpaid balance on your mortgage?

411 Property Tax Paid
What is your annual property tax bill due from city, county, and/or state?

450 Make/Model
Enter the brand and identifying name of your vehicle. Example: Ford Focus, Dodge Neon

451 Year
Enter the year that the vehicle was manufactured for sale.

452 Estimated Value
Enter the present market value of your vehicle if sold in the current condition. If you are unsure of the value, click the blue link to look it up at Kelley Blue Book. There is an online link that will direct you to KBB.

453 Debt Outstanding
Enter the total amount remaining on the original vehicle loan. If you lease this car, enter “0”

454 Payment
Enter the amount that you pay each month for a loan or lease on this vehicle.

501 Home Market Value
This section auto-fills depending on what was entered in Family Home Information Section.

502 Other Real Estate Market Value
This section auto-fills depending on what was entered in Family Home Information Section.

503 Vehicle(s) Market Value
This section auto-fills depending on what was entered in Family Home Information Section.

504 Savings
Enter the total amounts of all your savings accounts and money market accounts. Use information from statements for the last full month.

505 Checking
Enter the total amounts of all your checking accounts. Use information from bank statements for the last full month.

506 Certificate of Deposit
If you own Certificates of Deposit, please indicate the amounts here. To get current amounts, call your bank of the issuer of the CD and request totals for the last full quarter or month.
507 Stocks, Bonds, Securities, etc.
Enter the amounts as of your last quarterly statement of all stocks, bonds, and other securities. Do not include any IRA or Keough accounts. Do your best to establish the value as of the last full quarter, or last month.

508 Trust and Inheritance
Enter the total amount of money held in trust for you and any dependent children who are not applying as students. Also include any inheritance received within the last year.

509 Retirement Savings
Enter the total amounts of all K, IRA, Roth IRA, and Keough accounts as of the most recent statements.

510 Business Assets
If you own a business, indicate your business assets as of your last monthly report. If you do not own a business, enter a zero.

511 Other Assets
Enter the total valuation of your tangible assets. Do not include your house or automobiles. Items that might be included here are valuable pieces of jewelry, art work, antiques, coin collections, boats, airplanes, furs, and anything that is worth $1,000 or more.

512 Further Asset Description
Use this space to clarify any of your answers in the Asset Section.

550 Home Principal
This section auto-fills depending on what you entered in the Family Home Information Section.

551 Other Real Estate
This section auto-fills depending on what you entered in the Family Home Information Section.

552 Vehicle Outstanding Debt
This section auto-fills depending on what you entered in the Family Home Information Section.

553 Personal Loans
Enter any secured or unsecured loans you may have received from financial institutions, businesses, or persons. The number should be the actual amount owed to date, not the amount borrowed. Do not include credit card balances or equity loans in this category.

554 Credit Cards
Enter the total amount owed on all credit cards—both those issued by banks and those issued by businesses.

555 Equity Loans
Enter the total of any money that you have borrowed above the mortgage with your house as a security.

556 Equity Interest Paid
Enter the total of all interest paid annually on the equity loans listed in line 555 above.

557 Other Liabilities
Enter the total amount you owe for items such as court judgments, delinquent taxes, or any other liability that you might have that was not covered in the previous questions.

558 Further Liability Explanation
Use this space to clarify any of your answers in the Liability section.

601 Annual Income
Enter your gross wages, before any deductions, as reported on the Federal 1040 form and supported by W-2s for the prior year. Your section 125 deductions will be listed elsewhere.

602 Business Income
Enter the total amount of income reported on a 1040 tax form as a result of owning a business. If there was no income, enter a zero. You may not enter a negative number.

603 Dividend/Interest Income
Enter the total amount of all income received from dividend and interest bearing accounts as reported on your 1099 tax form(s). This should include interest received from savings accounts, money market accounts, etc. You should also include the total amount of bond coupons redeemed during the tax year.

604 Capital Gains Income
Enter the total amount of capital gains earned as reported on your federal tax return.

605 Real Estate Income
Please enter the total amount of all monies received from real estate currently owned. Examples include rental properties, vacation homes, and time shares.

606 Trusts
Enter the amount received annually, as listed in your K-1 Schedule, from any trusts for which you or your child is a beneficiary. In the “Optional further income explanation” box in line 610, describe the trust and who created the trust, the intended purpose, as well as any restrictions/requirements as to use.
